

## Now Available Only Through Select Specialty Pharmacies

 **Going forward, the availability of Mytesi® will be limited to select specialty pharmacies.**

At Napo, we know that helping patients access treatment can have challenges—so we're pleased to offer the personal service and care that our specialty pharmacy partners can provide.

### **How to Prescribe Mytesi® Through Our Specialty Pharmacy Network**

**If you, your office, or your patient knows which participating specialty pharmacy to use**

- 1** Submit the new or refill prescription directly to the participating specialty pharmacy via phone, fax, or e-prescription. **See reverse for participating specialty pharmacies.**
- 2** Please let your patients know that they may start receiving their Mytesi® prescriptions from a new specialty pharmacy that will call them directly.

**If you don't know which specialty pharmacy to use, NapoCares™ can help**

**NapoCares™ is a comprehensive patient support program** that will help you connect with the specialty pharmacy that can fill your patients' Mytesi® prescriptions—to help ensure that they have no interruption in their treatment.

**Contact NapoCares™** at 888-527-NAPO (6276) M-F 8am–5pm CT

**Visit [NapoCares.com](https://www.napocares.com)** to learn more about the support program or download an enrollment form.

Please let your enrolled patients know that they will receive a call from NapoCares™ to assist with their prescription.
